## NON-GOLFERS WELCOME!

A lot of people talk about making a difference, but it takes the *actions* of people who really care to change lives for the better. That's what this event is all about. Over the past 20 years, supporters of the Granger Business Association have raised more than \$250,000 to sponsor programs that help keep kids active and away from trouble. That's progress.

Since '97, this event has been the signature fundraiser that keeps the Granger Business Association alive. In celebration of our 21st year, we're doing something special. This is no ordinary golf outing. This is a true extravaganza! Please join us for a day-long community celebration that pays tribute to Granger's past, honors the present, and paves a stronger road to the future.
